PRECUT READY-TO-APPLY

SpiderTech™ Therapy Presentation & Workshop

Progressive Education for the Progressive Therapist

Approximate time: 3 hours

You will learn how to apply Kinesiology Taping through the use of Pre-Designed and Ready-to-Apply SpiderTech™ Applications which will dramatically improve your clinical outcomes and patient management strategies. This intensive presentation and workshop will provide the progressive therapist with a brief introduction to the latest evidence in pain neurology as well as a simple breakdown of how to use kinesiology tape to maximize its effectiveness in clinical practice.

What You Will Learn:

The Theory:

- How SpiderTech™ works – effects on the central nervous system via sensory gating and neuromuscular plasticity
- SpiderTech™ application guidelines and principles
- An up to date understanding of the neuroscience and physiology of pain and the effect on the musculoskeletal function
- Neuroplasticity and Sensitization – The disease of chronic pain
- Clinical Relevance in everyday practice

The Workshop:

- Learn how to apply SpiderTech™ Pre-cut Applications
- Demonstration of the principles of application for the SpiderTech™ Applications
- Case Studies with advanced SpiderTech™ Pre-cut Applications
- “Ask the Expert”

This introductory workshop is packed full of clinical cases, the most up-to-date research and opportunities to learn from the experts, as our instructors are all leaders in their fields. You can find out more information at www.spidertechtape.com.au. Come and learn how SpiderTech™ Therapy provides less pain and more activity for more people.
